Re: Open Houses of IP schools

Dear P6 GEP parents/guardian,

The Integrated Programme (IP) provides a six-year Secondary and Junior College (JC) education for academically strong students, who can benefit from programmes that provide broader learning experiences.

Please find attached the collated information on Open Houses of IP schools. We encourage parents to participate in the Open Houses with their children to find out more about the culture, school programmes, subjects offered and CCAs to shortlist schools that may best meet your child's learning interests and needs. Due to COVID-19, parents should check the schools' websites nearer to the dates for updates.

Apart from the IP schools, parents & students are also encouraged to find out more about the programmes of other secondary schools using [MOE's School Finder](#).

Students who have done well in the GEP in primary level can choose to enrol in IP schools offering the School-Based Gifted Education (SBGE) programmes, which provide enrichment opportunities tailored to the needs of our students. Admission is by merit and subject to students meeting the choice-school's PSLE Cut-Off Points or through Direct School Admissions (DSA). You may find out more on page 17 & 18 of the Secondary School Booklet attached.

If you have any questions or clarifications, please approach your child's form teacher or HOD(GEP).

Yours sincerely

Mr Phan Wai Mun (HOD/GEP)

Mrs Elaine Chong (HOD/GEP)
