Dear Parents/Guardians

Code For Fun Programme (Online Learning) for Primary 4 Pupils

The CFF Programme is a collaboration between MOE and IMDA, aimed at exposing students to core Computational Thinking (CT) skills through fun and engaging activities, basic coding challenges and introduction to application of Artificial Intelligence. This year, 2020, an unwelcomed turn of event due to Covid-19 spread across the globe, led to the suspension of the face-to-face CFF training. To mitigate the impact on students due to the disruption, an online version of CFF is prepared. Furthermore, the transition to Home-Based Learning (HBL) also lend itself a good opportunity for students to appreciate the application of CT skills which made HBL possible. Students are strongly encouraged to make use of the resources made available to them and seek guidance through consultation. Please see below for more details:

1. Access to CFF Online Learning Package

The CFF Online Learning Package entitled '[RGPS] Primary 4 Code for Fun (Pri) Online Learning 2020' will be made available in the pupils' SLS accounts from **11 May 2020 to 28 June 2020**. All the activities in this package will take 10 hours or more to complete. Pupils can complete them at their own pace within this period of time.

Upon accessing the package, pupils must view the '**Introduction Video**' and read through '**Activity 1. Instructions**' carefully for relevant instructions to complete the programme.

For best experience, accessing the content via a web browser on a laptop or desktop is preferred. Some content may not display on mobile devices or tablets.

2. Queries and assistance

a) Training Content Related

For content related matters (*i.e. help on the questions and puzzles*), your child may ask a trainer online for help via Zoom. Instructions and details on 'Ask a Trainer Online' can be found in '**Activity 1. Instructions**' in the CFF online learning package. The trainers are centrally trained by IMDA and will abide by MOE video conferencing guidelines when holding these online video conferencing sessions. Officers from MOE and IMDA will also be present in the sessions for monitoring purposes.

Your child must refer to the weekly schedule and details for the online guidance sessions via SLS announcements in her SLS account.

b) Others

For other problems not related to training content, please send an email to the following people.
In your email, **please include your child's full name, class and school that she is from.**

	Name	Email Address
1	Mr. Colin Chang	colin_chang_from.tp@imda.gov.sg
2	Mr. John Teo	john_teo_from.tp@imda.gov.sg
3	Mr. Melvin Lin	Melvin_WX_Lin@imda.gov.sg
4	Mr. Tan Xuan Yuan	tan_xuan_yuan@moe.gov.sg
5	Mr. Kevin Oh	kevin_oh@moe.gov.sg

Thank You.

Yours sincerely,

Ms Kim Ang
