08 January 2021

Dear Parents / Guardians,

Purchase of electricity kits for P5 pupils

The P5 pupils will be purchasing an electricity kit. The purpose is for each pupil to have a personal set to allow them to individually explore the construction of electric circuits and the variables affect the circuit in class and beyond curriculum time. Through exploration, they will better understand the work that goes into building a circuit and assembling the various components, learn the limitations of the circuit and apply problem solving skills while they troubleshoot. Since this kit will also be used in the Performance Task, the pupils can practice constructing electric circuits at home, in preparation for their Performance Task in Term 1.

The electricity kit consists of the following items:

- 5 insulated wires with crocodile clips
- A 1-cell AA sized battery holder
- A 2-cell AA sized battery holder
- 2 bulbs
- 2 bulb holders
- A on-off switch
- 1 diode

Kindly note that there will be a collection of a fee of \$7/kit.

If you have already filled in an application form to withdraw monies from your GIRO account to pay the expenses for school charges, once your consent to your child's/ward's purchase of the electric kit is received, monies will be withdrawn from GIRO account in accordance with your application.

There will be a statement in the School Bill indicating that the Bill amount will be deducted via parents'/guardians' GIRO account on the 6th of the next month.

If you have not opted for GIRO standing order, please make payment upon receipt of the school bill. Bills for cash-paying students will include a SGQR, which parents may scan and pay to MOE using PayNow or NETS scheme. Parents can also make payment via AXS channels of payment, kiosks, internet or mobile and cash/cheque. The cheque should be addressed to "Raffles Girls' Primary School". Students are to drop off the cash/cheque (together with hard copy school bill) at the General office.

Kindly give us your consent on Parents Gateway for the purchase by 12th January 2021.

If you require any clarification, kindly contact your child's/ward's science teacher

In partnership,

Mr Phan Wai Mun
Head of Department, GEP Math & Science
