Our Ref: RGPS/N22/P5/006

8 February 2022

Dear Parents/Guardians,

## **Purchase of Electricity Kits for P5 Pupils**

Our P5 pupils will be required to purchase an electricity kit. The purpose for each pupil to have a personal set of learning resources is to allow them to individually explore the construction of electric circuits and the variables that affect the circuits in class and beyond curriculum time. Through exploration, they will better understand the work that goes into building a circuit and assembling the various components, learn the limitations of the circuit and apply problem solving skills while they troubleshoot.

The electricity kit consists of the following items:

- 5 insulated wires with crocodile clips
- 1 1-cell AA sized battery holder
- 1 2-cell AA sized battery holder
- 4 bulbs
- 4 bulb holders
- 2 knife-switches

**Kindly note that there will be a collection of a fee of \$10 per kit.**

If you have already filled in an application form to withdraw monies from your child's/ward's Edusave account to co-pay the expenses for the enrichment programme(s), once your consent to your child's/ward's acquisition of the resource kit stated above is received, monies will be withdrawn from your child's/ward's Edusave account in accordance with your application. You will be notified by the school if there are insufficient funds in your child's/ward's Edusave account and payment by other means is necessary.

If your child is not eligible for Edusave, or you have not established the GIRO standing order, please make payment upon receipt of the school bill. Bills for cash-paying students will include a SGQR, which parents may scan and pay to MOE using PayNow or NETS scheme. Parents can also make payment via SAM kiosks, internet or mobile and cash/cheque. The cheque to be addressed to "Raffles Girls' Primary School". Students are to drop off the cash/cheque (together with hard copy school bill) at the General office.

Kindly give us your consent on Parents Gateway for the purchase by 22 February 2022.

If you require any clarification, kindly contact your child's/ward's Science teacher.

In partnership,

A handwritten signature in black ink, consisting of a large, stylized 'L' followed by a series of loops and a long horizontal stroke.

Ms Loo Ching Yee  
HOD, Science
