Date: 17 November 2021

Dear Parents/Guardians,

## P6 Term 4 PE, Art & Music updates

### PE

We have come to the end of Term 4 and here are some updates on P6 PHE. The students have been taught the following skills.

#### Dance

1. Explore using a variety of locomotor and non-locomotor movements in variations of time, force, flow,
  - a. Space, levels, directions and pathways to even and uneven beats in response to music/stimuli.
2. Learn to perform structured dances and repeat with modifications to the movement phrases.
  - a. Sicilian Tarantella (line facing folk dance)
  - b. Let's Bounce (Social Dance)

#### Outdoor Education

Pupils were taught the basic navigation & pioneering skills and:

1. Basic use of a compass
2. Navigating by bearing and distance
3. Tying of simple knots
4. Tying of square and tripod lashing

Through the understanding of basic movements with rhythm and music, pupils were able to perform and modify the pre-selected dance sequence. Pupils have shown good understanding on the module of Dance.

The outdoor education module lead up to the Pioneering Championship at the end of the term. Pupils have performed well and displayed their understanding of building simple structures with ropes and sticks provided.

During the December break, we greatly encourage the pupils to stay active as much as possible while adhering to the Enhanced Safe Management Measures.

Best regards,  
Mr Yeo Eng Wee  
Primary 6 PE Level Representative

### Art

In Term 4, the pupils completed their abstract artworks and reflected on their art-making process. The process of abstraction, thinking out of the box, relating to their personal experiences helped pupils to appreciate abstract art and art as a process. It was heartening to see how pupils took risk and worked on several drafts before coming up with their final artworks.

Pupils presented their abstraction process and artworks to their peers and received feedback. They affirmed their peers' effort and creativity as they responded to their presentations with positive language and gave constructive feedback. Through this module, pupils learnt to appreciate the abstraction process artists go through to come up with creative works.

We hope your child has an enriching time with us and wish her all the best in her future endeavours.

Best regards,  
Miss Elena Ker  
Primary 6 Art Level Representative

### **Music**

In term 4, the primary 6 students completed their music project with a cover arrangement of a song of their choice using Bandlab. They managed to explore the plethora of available instruments, loops and sounds in the Bandlab library to complement the backing track of the song they have chosen. They also went through a post exam songwriting programme where they composed lyrics and a simple melody according to a theme. We hope students have enjoyed their 6 years of music learning journey with us and we them all the best in their future endeavours.

Best Regards,  
Ms Serene Chan  
Primary 6 Music Level Representative
