4. CCA

To give the students balance in the education pursuits, it is important for them to be regular in their CCA attendance. I hope parents will encourage and support the students in the CCAs so that they will learn perseverance, teamwork, ability to juggle different demands and enjoy the camaraderie and sense of achievement in their CCAs. It is also a good opportunity for the students to de-stress and do something different.

CCA sessions for P6 will end by Semester 1. For those involved in competitions, there may be further adjustments based on the Covid-19 situation and the respective CCA teachers will inform you.

5. Interview Workshop

Since 2009, with the help of our parent volunteers, we have organised Interview Workshops for the P6 to prepare them for the DSA interviews. The workshop has received very positive feedback from the students. We will organise this again for the students on **21 May Saturday** after the mid-year examinations.

I would like to strongly encourage parents who are in the human resource sector to volunteer your services to help out with this workshop. Please email your details to Ms Pek Xue Yan, Subject Head/English (pek_xueyan@schools.gov.sg) if you are available and she will follow up with you nearer the date.

This year will be a challenging opportunity for the students but it will also be a precious avenue for families to come together and bond. The time and attention that you specially set aside will make your daughter / ward feel valued and loved. Having regular conversations with one another will allow you to gain deeper insights into what she values and help her find a balance between study and relaxation. Affirm her efforts. Celebrate her successes. Be there for her to guide her in managing the changes and expectations.

The teachers and I are committed to working with all of you and we hope to have your cooperation, understanding and support in our collaborative efforts together to educate and care for the students.

Your Partner in Education
