5. Students who are unwell or self-isolating due to a positive COVID-19 test result should not return to school to collect their PSLE results. SEAB has made provision for all candidates to view their results online via SEAB's Candidates Portal (<https://myexams.seab.gov.sg>) on the result release day. Please note that the results will only be available for viewing 45 minutes after the official time of the result release (11.45am). The system will be open to candidates to access their results for two weeks (Nov 24 till Dec 7).

6. The P6 students have studied hard for PSLE and it is important for them to know that regardless of the outcome, they are loved for who they are, and that their grades do not define them or their future. Besides their academic achievement, parents/guardian are strongly encouraged to celebrate your child's/ward's success in other areas, and have further conversations with them about their interests, aspirations and choices, and what success means to them.
7. We understand that success is personal and everyone has their own definition of what success means to them. Having regular conversations with your child could bring out inspiring and interesting insights on what is important to them. You may wish to share your stories with others via the link listed to inspire them in their journey of understanding what #SuccessToMeMeans. MOE may feature these stories on their social media platforms.
8. I would like to wish our P6 students all the best as they continue to develop themselves to be creative thinkers, lifelong learners and value-based leaders as they begin the next chapter of their learning journey.

Yours sincerely

Mrs Yue Yoke Mun
Principal
