1. Chinese New Year Celebration 2026

The school will be celebrating Chinese New Year on **16 February 2026, Monday**. Students will report to school at 7.30am and be dismissed from school at **10.30am**. As indicated in the Calendar of Events issued on 30 Dec 2025, kindly note that 17 & 18 February are public holidays. Students will return to school on Thursday, 19 February.

1.1. Attire

To create a festive mood for the occasion, students are encouraged to wear their ethnic costumes on that day with school shoes. If your child/ward prefers not to wear her ethnic costume, she is required to come in school uniform.

1.2. TTSRH Project Hong Bao 2026

This year, our school is collaborating with the Tan Tock Seng Hospital (TTSRH) Community Fund to participate in Project Hong Bao 2026 to nurture the spirit of giving among students while brightening the festive season for TTSRH patients. This initiative encourages students to express care and compassion through creative giving. Students will design and colour their own red packets, then contribute by sharing part of their hong bao money to help those less fortunate. A QR code is included in this letter and will also be printed on both the red packet and the parent letter that students will bring home after the celebration, allowing parents/guardian to make donations conveniently.

Scan the QR code or visit
for.sg/schoolspbh2026 to
submit your donation via
the online donation form.

1.3. Things to bring

There will be **no** lessons on that day. Students are required to bring the following items for their classroom activities during the CNY celebration:

Level	Things to bring for classroom activities
P1 to P6	<ul style="list-style-type: none">writing materialscolour pencils/ markersglue

There will be snack time as per the normal school day. Please also ensure that your child/ward brings food for her snack break in class.

1.4. Dismissal

Do make the necessary transport arrangements if your child/ward does not take the school bus home. Parents/Guardian will only be allowed to drive in to pick up the students after **10.40am**. Please observe traffic rules around the school and do not come to school earlier than the stipulated pick-up time for school dismissal. Enforcement actions may be taken against vehicles found parking indiscriminately or waiting before 10.40am.

Dismissal at Gate 1 will be staggered according to the following timings:

Time	Levels
10.20am	P1
10.25am	P2, P3
10.30am	P4, P5, P6

2. Total Defence Day & Exercise SG Ready 2026

As part of our school's commemoration of Total Defence Day and participation in **Exercise SG Ready 2026**, we have planned meaningful activities to help our students understand the importance of resilience and preparedness, while reflecting on their roles in Singapore's defence. The theme for this year is Together We Keep Singapore Strong.

2.1 CCE-FTGP TDD Lesson / Kindsville Times

Our students will be participating in Total Defence Day (TDD) lessons as part of their CCE-FTGP curriculum.

Through these lessons, students will be guided to:

- Develop an understanding that every Singaporean plays a part in defending our nation.
- Build important values such as Responsibility, Resilience, Gratitude, and Care for Others.
- Progressively strengthen their awareness of safety, preparedness, and contribution to the community and nation.

As part of the CCE-FTGP approach, learning is further strengthened through family engagement. We would like to encourage parents/guardians to partner the school by engaging your child/ward in conversations and activities related to Total Defence at home. In particular, parents/guardians are encouraged to:

- Participate actively with your child/ward in the CCE-FTGP Family Time Total Defence Day activities found in the CCE-FTGP Journal, and
- Engage your child/ward in Kindsville activities, which reinforce care, responsibility, and positive values through shared experiences.

Your guidance and encouragement play an important role in helping your child/ward deepen their understanding and apply these values meaningfully in their daily lives.

2.2 Recess Activities and Sweet Potato Sampling (23 February)

As part of our TDD activities, students will have the opportunity to sample sweet potatoes during their recess, giving them a taste of the food eaten during challenging times in Singapore's history. This experiential activity is designed to foster gratitude, resilience and an appreciation for resourcefulness in the face of adversity.

If your child/ward has any food allergies or intolerances, please write a note to keep her Form Teachers informed and remind her not to take the sweet potatoes.

2.3 Power Disruption Simulation Exercise

As part of our school's commemoration of Total Defence Day and participation in **Exercise SG Ready 2026**, our students will experience a simulated **power disruption** on **24 February 2026**.

This disruption exercise aims to prepare students for potential disruptions to our power supply (e.g., due to supply chain disruptions), given Singapore's reliance on fuel imports. In such a situation, electricity may have to be prioritised for more critical areas, and households and organisations, including schools, may have to endure disruptions in their power supply.

The exercise will occur during school hours, without advanced warning to students, to simulate how actual disruptions would unfold unexpectedly. Electricity will be switched off school-wide for approximately 2 hours, with lessons continuing throughout the period. Following the exercise, students will reflect on their experience and share their thoughts and feelings with their classmates through a guided discussion.

Parents/Guardians may wish to engage your child/ward in sharing his/her experience with you and reinforce the important idea that everyone has a part to play in total defence.

2.4 Learning Values and 21CC Through Experience

These TDD activities aim to nurture resilience, adaptability, civic responsibility and inventive thinking in students. By reflecting on challenges faced in the past, they gain insights into creative problem-solving and the importance of collective action in safeguarding our nation. This aligns with our commitment to fostering gratitude, a sense of community and the skills needed to thrive in the future.

We encourage you to engage your child/ward in conversations about these experiences to reinforce the key takeaway that everyone has a part to play in Total Defence. If you have any questions or concerns, please feel free to contact Ms. Cassandra Quek, HOD CCE, at quek_sock_cheng@schools.gov.sg.

We appreciate your continued support in partnering the school to provide our students with meaningful learning experiences that nurture their understanding of national values and responsibilities.

3. Supporting Our Children’s Cyber Wellness and Purposeful Screen Use – Parenting with Confidence

We would like to seek your support in reading the **attached slides on Supporting our Children’s Cyber Wellness and Purposeful Screen Use – Parenting with Confidence**, which contains important information on how the school and parents can work together to guide our children in navigating the digital landscape safely and responsibly.

In line with the national **Grow Well SG initiative**, schools are placing greater emphasis on helping students develop healthy, balanced and purposeful screen use habits from a young age. As our children increasingly engage with digital devices for learning, communication and entertainment, it is important that they are guided to use technology wisely and appropriately.

In school, students are taught age-appropriate cyber wellness lessons that focus on:

- Using digital devices for meaningful and positive purposes
- Communicating respectfully and kindly online
- Keeping personal information safe
- Developing self-control and balance in screen use

Parents/Guardian(s) play a key role in reinforcing these values at home. We strongly encourage you to read the attached circular carefully, as it provides guidance on how you can:

- Support your child/ward in making safe and responsible online choices
- Set clear expectations and boundaries for screen use at home
- Engage your child/ward in conversations about her online experiences

Your partnership is essential in ensuring that our children grow up to be responsible, discerning and confident digital users who are able to thrive both online and offline.

4. Consent for the Use of Photographs and Videos

The school usually takes photographs and videos of students engaging in activities especially during special school events and celebrations. These are then archived in the school's repository. Sometimes, the photographs and videos may be used in school publications such as newsletters, school website and publicity materials.

We would like to seek your consent for the use of these photographs and videos should the need arise. No further action is required if you consent to the use of photographs and videos of your child/ward. Otherwise, please email the school (rgps@moe.edu.sg) your child's/ward's name and class to indicate your non-consent by **13 February 2026**.

7. Give@RGPS 2026

Give@RGPS is a school-based project which builds and cultivates character and citizenry by providing opportunities for students' self-leadership, initiative, and involvement in school improvement.

Primary 5 to 6 students are strongly encouraged to propose self-initiated projects to contribute to improving the school or community. Students who are interested to do so can submit a proposal online. The link to submit their proposals will be posted on SLS in Term 1 Week 8. Mentors selected from our Parent Volunteer Group will be guided by our teachers to guide and support the groups of students whose proposals are **selected for implementation**.

Please refer to the table below for a summary of Give@RGPS:

Level	Duration of Project	What Pupils Will Do Collaboratively	Project Type
P5 to P6	Term 1 Week 8 to Term 2 Week 1 Term 2 Week 4 to Term 2 Week 10	<ul style="list-style-type: none">• Students will submit a group proposal online via SLS• Students will be informed if their proposed projects are selected. They will then embark on implementing their projects under the guidance of mentors selected from our RGPS PVG. More details will be provided to students and parents/guardians of selected projects in T2 Week 4.	Self-initiated *P6 Students may submit their VIA proposals for selection.

We hope you can encourage your child/ward to participate actively in the Give@RGPS project.

Thank you for your support. For any enquiries on this project, please contact Ms Cassandra Quek at quek_sock_cheng@schools.gov.sg.
